PROFESSIONAL EXPERIENCE

Software Developer · IOCOD Infotech — Jan 2025 – Present · Kozhikode, Kerala, India

Vue.js, Nuxt.js, JavaScript, TypeScript, Tailwind CSS, REST APIs

- Develop and ship customer-facing features for Easify with Vue.js and Nuxt.js, covering messaging, campaign management and contact management workflows used by businesses in production.
- Build reusable, responsive dashboard and messaging UI components that replaced duplicated code and made new features faster to build and easier to maintain.
- Integrate REST APIs with the backend team to keep data flows reliable and user interactions smooth.
- Convert Figma designs into pixel-accurate, responsive interfaces in close collaboration with product and design teams.
- Diagnose and fix UI bugs and performance issues in regular release cycles, improving page load times and overall user experience.
- Work in Agile sprints using Git branching workflows and code reviews, and write documentation that helps onboard new developers.

Web Developer Trainee · Skepper Creative Agency — Sep 2024 – Dec 2024 · Bangalore, India

React.js, JavaScript, HTML5, CSS3

- Built Brewyourbrand (brewyourbrand.in), a live client marketing website in React.js with responsive layouts and reusable, interactive components.
- Developed landing pages in HTML5 and CSS3 with a focus on performance and cross-browser compatibility.
- Integrated front-end features with back-end services as part of a small delivery team, applying accessibility practices and taking part in peer code reviews.

PROJECTS

Developer Portfolio · Three.js, JavaScript, Vercel — masoodpk-dev.vercel.app

- Personal portfolio with a scroll-driven interactive 3D section built in Three.js, responsive layouts and smooth animations, deployed on Vercel.
